## FARMERS MEET AGAIN

Hardinburg, Ky., April 5.—(Special.)—The Breckridge County Dark Tobacco Growers' association held their third "regular" meeting at the court house, last Saturday. It was, by far, the largest and most enthusiastic gathering that has yet been held. The president of the association, G. S. Wilson, expressed himself as being highly pleased and greatly encouraged, as did nearly every other farmer who was in attendance. All now begin to feel that a permanent organization of all the dark tobacco growers of the Green river district, is practically assured.

Steps were taken, that, it is believed, will soon lead to this desired end, and a State convention of the growers of the weed was called to meet in Owensboro, on the second Monday in July, next, to which everyone of the forty-four counties in the First, Second, Third and Fourth congressional districts, is invited and urged to send delegates. Resolutions were carefully drawn and unanimously adopted, which, as nearly as possible, set forth the purpose and plans of the organization. The committee on resolutions were W. S. Bell, Joel H. Pitt, W. H. Tani and Matthew Shewberry. The resolutions will be published in full in the next issue of the News.

The news is in full sympathy and accord with this much needed movement among the farmers and it tenders them its hearty support in this effort to increase the price of this staple product.

In the evening a large audience was held attentive an hour and a half by a much enjoyed and much praised rendition of the oratorio-cantata, "David, King of Israel," which was first sung in the Methodist church on Sunday afternoon, March 13. ## TOBINSPOUT FIGHT.

Tobinsport, Ind., across the river from this city, was the scene of a peculiar affray Saturday which might have resulted in a double or a triple tragedy. Four young men of that place came to blows without any apparent cause and the mother of one tried to get mixed up in the melee with a hatchet—but didn't and that's why no one was killed.

The affair occurred in Geo. Polk's store about 9 o'clock in the evening. The fight went something after this fashion: Starting Kindie struck Sam Groves in the mouth and knocked him down. Dave Suters knocked down Tom Groves and Groves, in turn, hit Suters in the mouth and knocked him down. For a time it was a fat and snail, knife-throwing rough and tumble free for all fight on the floor, out on the porch and in the street. In the general uproar Suters, mother cried for a hatchet to wreak her vengeance on those who had caused her son to fall, but, as aforesaid, there was none forthcoming. Tobin Groves tried to act as peace-maker and got his hand cut. No one seemed to be drinking and the exact cause of the affray is not clear. Probably there was no cause and they wanted a good, old-fashioned fight just for the excitement it afforded—and they got it, several bruised faces being left to tell the tale.

## KENTUCKY'S EXHIBIT.

The headquarters of the Kentucky World's Fair Commission will be moved this week from Louisville to the Kentucky Building on the Exposition grounds at St. Louis. The Secretary and Director of Exhibits will open offices in the Kentucky Building with his assistants, and therefore from this date all exhibits, for either the Kentucky Building, consisting of fine arts, women's work, relics, books, etc., or for the different exhibits, Malacca, consisting of minerals, agricultural, educational displays, forestry, etc., should be shipped direct to the exposition. The railroad companies require prepayment on all freight shipments from the point of origin to the building for which they are destined in the exposition grounds. Any railroad agent will compute these charges for exhibitors.

Mrs. Bertha Miller Smith, of Richmond, has been elected hostess of the Kentucky Building at the World's Fair after a most spirited contest before the Kentucky Commission. Mrs. Smith is the widow of Dr. A. W. Smith, of Richmond, who at the time of his death was Deputy Grand Exalted Ruler of the Order of Elks for Kentucky. She is a woman of culture and refinement, and will certainly add both grace and charm to the new Kentucky Home at this great show. Besides Mrs. Smith there will be two other ladies in the Kentucky Building—Mrs. Fanny A. Cartwright, of Bardonia, as Superintendent of the Women's Fair exhibit and Mrs. Mary A. Burton, of Lebanon, in charge of the Information Bureau on the first floor.

The next meeting of the Commissioners will be held in the Kentucky Building on April 30 at 10 o'clock. This is the opening day of the Exposition and the business session of the Commission will be over in time for the board to attend the opening ceremonies to be presided over by a Kentucky President, David R. Francis. President Francis, however, will press the button which will put life into the exposition at 1 o'clock on April 30. At this meeting of the Commission a program for Kentucky Day at the Exposition, Thursday, June 3, that would be entitled the only definite part of the program thus far agreed upon is the playing of "My Old Kentucky Home" on the big pipe organ in Festival Hall, and the singing of the song, "Green Kentucky Pasture" written by Miss Kate Maugher McKinney of Montgomery, Ala., a former Kentuckian who is known to fame as "Katydid." This song will doubtless be sung by a well-known Louisville tenor.

At a meeting of the Kentucky World's Fair Commission last Friday, it was decided to limit the classes of goods that would be entitled to duplicate premiums up to the amount of \$7,500 from the State appropriation to horses, mules, jacks, jinnies, cattle, sheep, hogs and swine. These duplicate premiums will be limited to Kentucky stock in order that the State might be able to distribute the \$7,500 appropriation duplicate entries must be sent to J. B. Bowles, Commissioner in charge of live stock, Bardonia, Kentucky, prior to August 1.

The advocates of this measure claim that by this means about 250 miles of road can be built. They claim that the proposition will carry. It is not known, however, how the members of the court stand on this question, but it can be stated, authoritatively, that the proposition is considered as prominent and influential men are behind the scheme.

In marked contrast to the great number of patent medicines, cure-alls and secret preparations is Walther's Peptonized Port.

This preparation claims no magic virtues but no mysterious composition, and does not presume upon the intelligence of the people by pretending to be a sovereign cure for all the ills to which the flesh is heir.

Walther's Peptonized Port comes as a common sense tonic, composed of two well known remedies—port wine and pepton, about the efficacy of which there is no question. All druggists sell Walther's Peptonized Port.

### LIKE FINDING MONEY.

Short & Haynes, the popular druggists, are making an offer that is just like finding money. They are selling a regular 30 cent bottle of Dr. Howard's celebrated specific for the cure of consumption and dyspepsia at half price. In addition to this large discount they agree to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy fifty-cent pieces for a quarter, but that is what this offer really means, for it is only recently, through the solicitation of Druggist Short & Haynes, that this medicine could be bought for less than fifty cents. They urged the proprietors to allow them to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified their good judgment, for the sale has been something remarkable.

Only three more weeks in which  
to make your guess in our World's  
Fair contest. Send in your subscrip-  
tion and your guess. Now is your  
opportunity. Don't be too modest to  
embrace it. It doesn't cost you a  
cent more and you have a chance of  
adding a neat little sum to your bank  
account.

It's a fact for which we should be  
grateful that many of the citizens of  
the State have had the opportunity to  
read the principal State organs of both  
of the great political parties. That  
they have seen other papers is a fact  
for which we should be still more  
grateful. One has been going after  
the grafters at Washington this year  
and the other after the grafters at  
Frankfort. If it were not for some of  
these papers that have got in between  
we would have more biased neighbors  
than we would care to, we believe.

Martin Beard, of Hardinsburg,  
has one of the prettiest blue grass  
lawns in front of his residence at Har-  
dinsburg we have ever seen. It is a  
credit to Mr. Beard and to the  
town. It is also an object lesson in  
what can be done with our soil.  
Here was a plot of ground which two  
years ago was as barren as the street  
in front of it. Now it is covered with  
a full crop of that which is Kentucky's  
famous blue grass. How did Mr. Beard  
accomplish this result? Simply by applying what

was needed to help nature do its  
work. What Mr. Beard has done for  
his plot of ground others can do with  
theirs. It proves conclusively that it  
is not the fault of the soil or the cli-  
mate. Blue grass will grow in Brock-  
enridge as well as in Fayette. If you  
only give it a chance.

The following from an exchange ex-  
presses our sentiments on a very im-  
portant matter of home interests. It  
says: "Who sympathized with you  
when your little girl was sick? Was  
it your home merchant or was it  
Sears & Roebuck? Who carried your  
last winter when you were out of a  
job and had no money? Was it Mont-  
gomery, Ward & Co. or was it your  
home merchant? When you want to  
raise money for the church, or some  
needy person do you write to the Fair  
store in Chicago or do you go to your  
home people? How much does Seigel,  
Cooper & Co. pay towards keeping  
up the sidewalks of the town or to-  
wards raising your pastor's salary?  
When your loved one was harmed was  
it your home paper that hel the  
tears of sympathy and uttered the  
cheering word, or was it some Chic-  
ago or New York paper? Gentlemen,  
your home people are your friends in  
all lines of business and it is your  
duty to patronize them."

**Deafness Cannot be Cured**  
by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deaf-  
ness, and that is by constitutional  
remedies. Deafness is caused by an  
inflamed condition to the mucous  
lining of the Eustachian Tube. When  
this tube gets inflamed you have a  
rumbling sound or imperfect hearing,  
and when it is entirely closed deafness  
is the result, and unless the inflamma-  
tion be taken out and this tube  
restored to its normal condition, hear-  
ing will be destroyed forever; nine  
cases out of ten are caused by catarrh,  
which is nothing but an inflamed con-  
dition of the mucous surfaces.

We will give One Hundred Dollars  
for any case of Deafness (caused by  
catarrh) that can not be cured by  
Hall's Catarrh Cure. Send for circulars,  
free.
